

Vanguard Graphics International

**Position: *Manufacturing Specialist: Digital Inkjet Systems***

iJetColor by Printware is the manufacturer of the world's fastest, most profitable, short-run, inkjet envelope solutions. We're also one of the fastest growing private companies in the United States. As our product line continues to rapidly expand, we are looking for a candidate that is a detail oriented self-starter.

You'll be part of our manufacturing production team that assembles and tests inkjet digital printing equipment. There will also be opportunities to work closely with our customer support and sales teams to help ensure the best possible experience for our valued customers. Your role in building and testing electrical and mechanical assemblies with a skilled and experienced team will allow you to grow in this exciting field in a collaborative and creative work environment.

The ideal candidate for the position is someone with a passion to learn and grow in this field. As such, flexible schedules are available for students currently earning their associated degree in mechanical or electronic design, CAD, or related areas of study. Tuition assistance will be considered for the right candidate.

**Other responsibilities include:**

- First shift light manufacturing of electronic and mechanical assemblies
- Work closely and communicate effectively with other assemblers and technicians
- Maintain inventory stock in a safe and organized manner
- Participate in physical inventory counts
- Other projects as assigned

**Physical Requirements:**

- Ability to lift 50 pounds or more
- Ability to stand and be mobile for extended periods of time

**What We Have to Offer:**

- Competitive Compensation
- Generous PTO & Paid Holidays
- Medical & Dental Benefits
- Company-sponsored Short-Term & Long-Term Disability Insurance
- 401k
- Casual Dress Policy
- Regular Schedule: Mon- Fri (8-5 PM)

**Compensation:**

- \$18/hr with Benefits/Incentives and 90 day bonus with appropriate new pay rate.

**About our Company**

Printware, a wholly owned subsidiary of VGI based in Eagan MN, is a comprehensive provider of the latest inkjet technology solutions to the graphic communications industry. The company provides its customers with digital inkjet envelope printers, computer-to-plate equipment, consumables, and software under two well-recognized and highly respected brand names, iJetColor and Printware, which have over 30 years of history and over 1,000 customers.
